Dear Mr. Weisberg:

I am a Black Antioch student and have read with great interest your work Frame Up. At this moment my beliefs rest with yours after having read Huies work also. For the next three months I will be on a co-op job in Alanta Georgia and will attempt to pursue independent study of the frame up of James Earl Ray, therefore I would like to secure access to your larger work. If you would inform me as to how this may be arranged it would be most appreciated.

You may reply to this during the next three months, as of Sept 20, at this address:

With Respect,

Clifford Crawford
